

TELL THE MAYOR AND BOARD OF SUPERVISORS: RAISE THE WAGE FOR FRONTLINE WORKERS!

— MAY 15, 2023 · 12 PM · SF CITY HALL STEPS —

WHAT'S GOING ON · WHY WE ARE FIGHTING

San Francisco non-profit workers are out on the frontline providing the essential services. To take on the issues plaguing San Francisco—homeless, drug addiction, and mental health crises—**we need need to pay our frontline non-profits workers a living wage.** When we cannot recruit and retain trained professionals to look after the most vulnerable among us, **we all suffer.**

It's time the City and County increases poverty wages paid to workers responsible for ensuring San Francisco's most vulnerable are housing secure, find treatment for drugs, and secure timely and adequate mental health services.

Lunch is provided by RSVP, by calling the Member Resource Center at 1-877-687-1021
