

Your elected SEIU 1021 Bargaining Team has met with management multiple times over the past months. We've made proposals to help AHS recruit and retain workers, and make AHS a safe healthy place for both patients and workers.

Management. Isn't. Listening.

We need to show them how serious the staffing and safety crisis is, and how seriously we take it. Rally with us on March 20 at noon at Fairmont / John George to show that we're united and we won't back down until we Fix AHS.

Lunch & shirts provided.
