ALAMEDA COUNTY

Our Solidarity Is Getting Results: Now It's Time to Turn Up the Heat!

*SEIU Local 1021 Union Update,
February, 2023*

After our massive rally on Lincoln's Birthday, the County has improved their proposals on a number of issues, including wages, bilingual pay, and shift differentials. However, they still want to raise healthcare costs, and their wage proposals still leave Alameda

County wages behind other comparable jurisdictions, which will mean our recruitment and retention problems will continue. Plus, even after seeing hundreds of people rally, they still want to eliminate Lincoln's birthday as a holiday!

It's time to go straight to the top: The Board of Supervisors needs to hear from us NOW.

March on the Board

March 14, 11:30 a.m. - 12:30 p.m. @ 1221 Oak St.
